2017/2018 President Jim Gleba, PE

Many thanks to Pat Kinsley for an informative presentation on I.B. Abel and the challenging project that they undertook to remove a power line that crossed the Niagara River. The meeting was very well-attended and was an excellent opportunity for Society members to interact with York College Engineering students. Thanks as well to York College for hosting and providing a delicious dinner.

Our Next Meeting - Joint meeting with PSPE

Monday, April 23rd, 2018

Perdue Agribusiness Soybean Processing Facility Tour

It's taken seven years for Perdue AgriBusiness to take the new plant along Route 441 east of Bainbridge from an idea to reality. Its presence will increase the state's soybean processing capacity while reducing the shipping distance for many soybean farmers and adding to the state's supply of livestock feed

Attendees will be provided a guided tour of Perdue's new soybean extraction and processing facility. Key staff members from Perdue will be guiding the tour to provide knowledge into the running of the plant operations as well as answering questions.

Attendees must wear closed-toe shoes and long pants.

<u>Location</u> 1897 River Road Bainbridge, PA 17502 We will park and meet at the Admin Building

Dinner to follow at McCleary's Irish Pub and Restaurant http://www.mcclearyspub.com/ We will be on our own for dinner

<u>RSVP</u>
