Message from the President

Welcome to a new year of ESOY! I am excited and honored to take over the role of President, and I thank Andy Zmoda for his previous leadership. His guidance, along with the rest of the dedicated Board, was able to keep our organization active through the recent difficulties created by COVID.

Despite school shutdowns, I'm proud to say the Elementary Science Program for York County elementary students was able to continue through a virtual platform. This program is sponsored by ESOY and run by Jim Filizzi, a retired Dallastown Physics teacher. Jim Filizzi worked hard to develop a series of interactive, web-based science lessons ([available here](#)) that were shared with thousands of students across the county. Fantastic work, Mr. Filizzi!

In addition to our continued support of numerous science and engineering programs throughout the county, the Edgar P. Kable Scholarship program was able to sponsor 17 college students with a \$2,000 scholarship, distributing \$34,000 to students in engineering or engineering related majors at post-secondary institutions. Between the Edgar P. Kable scholarships and ESOY sponsored events, our organization funded more than \$57,000 worth of programs for York County students and engineers in our 2020-2021 program year.

I am extremely proud of the work that ESOY has done in the past and look forward to our future endeavors. Please feel free to contact me or any of the Board members with questions about ESOY. Thank you and I hope to see all of you at our upcoming meetings!

Nik

Nikolaus A. Fritz, PE

Message from the Membership Committee

The Board for the Engineering Society of York would like to thank our Corporate and Individual members for your continued support. Last year we canceled the Corporate and Individual dues even as we provided meetings throughout 2020 and 2021. As a Board, we felt that was the right approach given the pressures caused by COVID on all of our members. We are proud to have held almost all of our member meetings last year and are planning for a full slate of meetings and events for the 2021-2022 program year. In order for ESOY to provide the meetings and events you have come to know and maintain a prominent position in the local engineering community, we are asking all of our previous members to renew either your Corporate or Individual memberships for the 2021-2022 program year. Membership applications can be found on our website – <https://tesoy.org/membership/membership-applications/>. We are extremely grateful for your continued support and look forward to seeing all of you at our events this year.

Our Next Function**Monday, September 20, 2021*****WALKING TOUR OF ROYAL SQUARE DEVELOPMENT PROJECTS
IN DOWNTOWN YORK***

Join us on Monday, September 20, 2021 for our kick-off meeting of the 2021-2022 program year for the Engineering Society of York with a walking tour of the Royal Square Development projects in the Downtown area of York. We will be joined on our tour by members of the Lincoln Chapter of the PSPE.

Through innovative development and construction services, Royal Square Development & Construction aims to positively impact the way people live and work. RSDC boasts hundreds of renovations and multi-million dollar projects in South Central PA. We continue our work to restore and revitalize the City of York while also growing beyond the city limits to serve clients' construction needs across the region.

Start: 5:00 PM

Address: York City Hall, 101 S. George Street, York

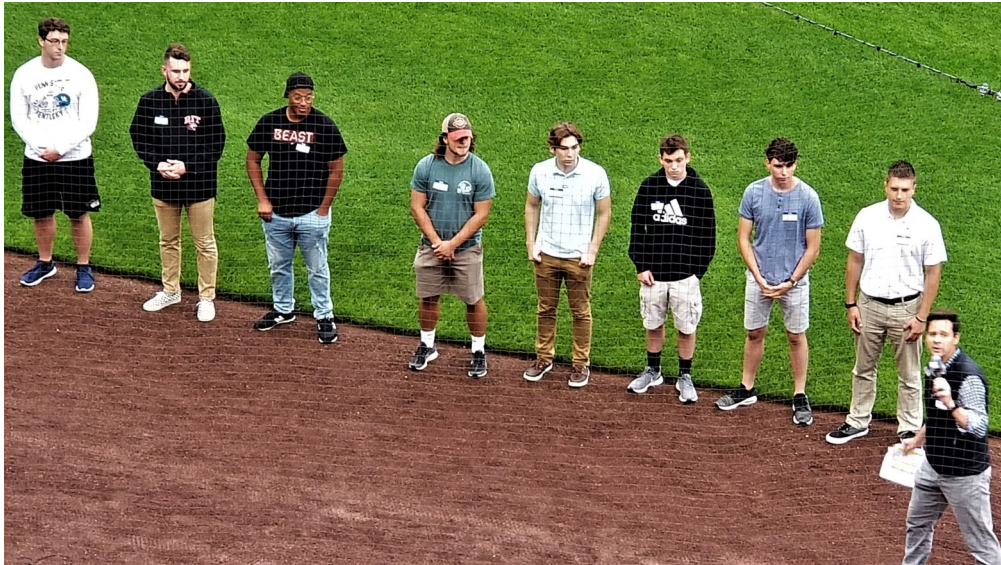

Parking: Park in the York City Hall Parking Lot for the Walking Tour

Following the walking tour, we will have dinner (at your own expense) at the Granfalloon's Tavern, 41 East Princess Street, adjacent to the York City Hall Parking lot.

Please RSVP by close of business Thursday, September 16 to
JSeitz@consulttrg.com

Society News

On June 11th, the Engineering Society of York once again held its annual scholarship celebration at Sovereign Bank Stadium in conjunction with Engineering Night at the Revs. A banquet was held in the Monarch Room with a check presentation ceremony taking place on the field as part of the pre-game festivities.

2021 / 2022 Dues

Your 2021/2022 membership renewal form has been emailed along with this newsletter. Please return as soon as possible so as to not miss any of this year's exciting programs!
