THE ENGINEERING  
SOCIETY OF YORK  
*Established 1910*

**intertek**  
Total Quality. Assured.

Our April event took place at Intertek's York facility.

Intertek's York, PA building and construction testing laboratory is equipped with over 1,000 linear feet of test space and is one of the industry's greatest mock up pre construction testing facilities. With indoor and outdoor testing capabilities, no project is too big or too small for them.

Huge thanks to Intertek for the interesting and informative tour!
